**Meeting Time:** 2:00pm

**Meeting Place:** Town Hall  
Conference Room  
100 Old River Road  
Lincoln, RI 02865

### **Topics of Discussion:**

- 1. Distribution and Review of updated Design Development floor plans.**
- 2. Distribution and Review of updated area calculations.**
- 3. Discussion with National Grid representative.**

### **LINCOLN SENIOR CENTER SUB-COMMITTEE MEETING APRIL 2, 2009**

Present at the meeting were Ron McKenna, Al Ranaldi, John Robinson, Debbie, Spencer, John Flynn, Claudette Kuligowski, Dave Sale and Peggy Weigner.

Representatives of National Grid met with the sub-committee to discuss incentives offered to use energy efficient equipment at the new Senior Center. They submitted a Core Performance Guide to the architect to review the required equipment to be eligible for incentives and/or rebates from National Grid. National Grid will review the architect's plan and make cost saving recommendations.

The sub-committee also discussed the LEED certification and the cost to obtain the certification. Mr. Robinson will be meeting with the mechanical engineer, who will also be the Commissioning Agent for LEED certification.

Members are unsure whether the Town should spend the extra money to obtain LEED certification. They feel that the committee should follow the recommendations of National Grid and make the building as energy efficient as possible. They will make a decision in the near future.

The architect submitted another revised design plan. The members are very happy with the progress of the plans and look forward to presenting the plans to the public.
